STANFORD, KY., FRIDAY, MARCH 27, 1903. 8 A. M.

NO. 8

Henry M. Bosworth, of Lexington.

The above is a fair likeness of Mr. Henry M. Bosworth, Kentucky's next treasurer. This splendid democrat made Fayette county the best sheriff she ever had and we have every reason to believe that he will fill the office of treasurer as well. We speak of him as the next state treasurer because we believe that he is going to win the nomination, for he has friends in every portion of this grand old Commonwealth who will see that he comes under the strong first in the primary of May 9. There is no better democrat nor finer gentleman in the state than Mr. Bosworth and that he would make an admirable treasurer, none who know him will doubt. Following are extracts written by gentlemen who know Mr. Bosworth. Read them and you will get a pretty good idea of the kind of man he is:

It is a pleasure for us to bring before the public the name of such a noble democrat as Henry Bosworth, of Lexington, Fayette county, as a candidate for the office of State treasurer. He is a democratic son of the old school and should be favored with the nomination. He asks the voters to consider his candidacy in the primary election on May 9, this year. Mr. Bosworth is a lion hearted democrat and is a brave and fearless as they make them. He has always been in the democratic ranks and always at the front in battle. He is the ex sheriff of Fayette county and was an intimate friend of the late Wm. Goebel and was always selected by Goebel as his lieutenant in the time of trouble in the democratic ranks.

When Gov. Goebel fell he looked at his beloved leader—tears streaming from his eyes, then with the same determination that always characterizes him as a man of power and decision he began to hunt for the assassins of the "noble dead."

Those were "times that tried men's souls"—when to be an active, aggressive democrat in and around Frankfort meant to walk in constant peril of the assassin's deadly bullet. Mr. Bosworth was a man for the times and when the arch conspirator, Caleb Powers, had eluded the officers at Frankfort and was fleeing to the mountains (where he would have forever been safe as is his brother John)—it was then that the sheriff at the head of his deputies

marched into the car and in the face of assassins, protectors of assassins and what seemed certain death, dragged Powers and Capt. Davis out and landed them in the Fayette county jail—thus making the arrest of the arch fiend and instigator of the darkest and most dastardly conspiracy of which American history holds on record. For these arrests he was offered \$1,500, which he refused and answered: "I only regret that I can not and have not done more to avenge the death of my friend and the friend of the people. Such acts as these are rare and make men heroes."

Mr. Bosworth is a man of high moral character, integrity and intellect and one of the brightest men in the State. He has a record that is far above reproach and he modestly asks the voters to nominate him as their State treasurer and the Courier predicts that they will make no mistake in choosing him—Hickman Courier.

Henry M. Bosworth, of Fayette county, better known as "Genial Henry," is a candidate for the office of State Treasurer, subject to the action of the State democratic primary May 9th, 1903, and if true merit, unquestioned ability and unwavering loyalty to Democratic principles count for anything, then he should receive an overwhelming majority. Though an active worker in the Democratic party since he reached his majority, Mr. Bosworth has never held office but once. He was elected Sheriff of Fayette county in 1897 when the democratic ticket was opposed by a fusion ticket, resulting in one of the fiercest political battles ever waged in the State of Kentucky. During his term of office as sheriff, Mr. Bosworth, assisted by a most efficient set of deputies, performed the duties devolving upon him with signal abilities and marked success. At all times courteous and affable, yet uncompromising when it came to the protection of the people's interest, and collection and disbursement of the public money.

With an untarnished record as officer, faithful under all circumstances to the democratic party, its platform and its nominees, loyal to his friends even unto a fault, we cannot see how any democrat could hesitate not only to vote for—but to use his influence for Henry M. Bosworth for the office of State Treasurer.—Lexington Daily Democrat

By special invitation, for which we are grateful, the writer was shown a portion of the imported millinery to be on exhibition at the Charles Wheeler Emporium April 9 and 10. To say that there are some of the most beautiful creations of the milliner's art and in exclusive styles that cannot and others that will not be duplicated, that was ever exhibited in our city, is putting the plain facts mildly. France, the fashion plate for the world, is undeniably our friend and has evidenced her friendship not alone in the entanglement of the Venezuelan affair, but also in showing us favor over other nations in consignments of her most attractive millinery to adorn the handsome belles not only of Kentucky but even those of dear old Lincoln.

For Circuit Judge.

M. C. SAUFLEY

For Commonwealth's Attorney.

JOHN SAM OWSLEY, JR.

RAILROAD mileage is beginning to increase. The amount constructed last year, according to the Railway Gazette, was about 6,000 miles, which exceeded the construction in any year since 1881. The amount of mileage now in process of construction or contracted for is about 8,505 miles, in addition to which 2,780 miles of railroad are "live projects," which give promise of early construction. Of the mileage under contract or construction 4,227 miles are in the Southwestern and 1,115 miles are in the Gulf and Mississippi Valley States, so that the amount in other sections of the country is small. Of the 8,500 miles over 5,000 are being constructed for eighteen companies. More than 8,000 miles of railroad have been constructed in one year, only in 1881, 1882, 1886 and 1887.

THE decision of the Court of Appeals, while not passing upon the eligibility of Gov. Beckham, is something of a victory for him and a signal one for the committee. Judge Cantrell's decision that the governor's name should go on the ballot is affirmed and the legality of the call for a primary election is likewise affirmed. The court holds that the committee has no right to inquire into the eligibility of Gov. Beckham or of any person who desires to become a candidate before the primary.

WE print elsewhere this issue a picture of Mr. H. M. Bosworth, of Lexington who is a candidate for State treasurer, and who has an excellent showing to win. A few extracts appear, and our readers are requested to read them carefully. They were written by gentlemen who are thoroughly acquainted with Mr. Bosworth and who are in position to know best the manner of man he is.

IN a discourse delivered by Prof Sharp, of the Boston University, in a Methodist pulpit Sunday, it was asserted with apparent authority that no woman wears a bird in her hat can ever get to heaven. Well, if it be true, as Sam Jones says, there won't be enough men in heaven to furnish the bass for the music. Most women won't care to go there anyway.

MRS. BURDICK, wife of the Buffalo man so mysteriously murdered, seems to be as shameless a specimen of womanhood as ever disgraced her sex. She not only dishonored her husband, but doubtless assisted in his taking off. Her testimony, given in full in the dailies, is sufficient to disbar them from the mails on the grounds of containing obscene literature.

STATE appropriations exceeding \$7,000,000 for the World's Fair are assured with 12 states to hear from. The total cost of state exhibits at Chicago was \$5,250,000. Kentucky is pretty sure to do her part towards making the great exposition a grand success.

ROBERTSON county went dry by a majority of 269 the other day. There has not been an open barroom in the county for 20 years, and not a murder since 1887. Pretty good argument for the prohibitionists.

## THIS AND THAT.

The Lexington city council has fixed the tax rate at \$1.38.

Lloyd Gaines, 14, was fatally shot by his father during a family quarrel at Franklin, Ind.

The State Sinking Fund Commission bought with the war fund claim \$83,000 worth of outstanding State bonds at 102.

The boiler of John McCauley's saw mill near Fulton gave way, killing three men and severely injuring six others.

While Mrs. O. W. Bigelow, of Kansas City, was at a near-by store buying goods, her two children were cremated in her home, where she had left them.

The New York grand jury yesterday returned an indictment against Dr. R. C. Flower on the charge of grand larceny. He was committed to prison in default of bond, which was fixed at \$50,000.

## POLITICAL.

Senator Platt declared for the renomination of Seth Low for Mayor of New York.

The bill in the Pennsylvania Legislature offering subsidies for the encouragement of large families, was defeated.

Col. John K. Hendrick will speak in Lexington April 13th, which is county court day. Breckinridge may divide him with him.

A meeting of the lieutenants of Hon. John K. Hendrick, candidate for governor, has been called to assemble in Louisville April 1.

John K. Hendrick says the report that he voted for Palmer or Hildman is an infamous and inexcusable lie, says the Louisville Post.

The Louisville Post speaks of Roosevelt Democrats. It would be fully as appropriate to speak of Godlike devils, says the Lexington Democrat.

The committee in charge of the bill prohibiting the marriage of whites and Negroes decided to favorably report it to the Wisconsin General Assembly.

President Castro has withdrawn his resignation from the Venezuelan Congress. He says he will hold the office only until the work of pacifying the nation is complete.

Congress appropriated \$12,500,000 for the rural delivery service during the next fiscal year, beginning July 1, and the department will establish 15,000 new routes on the money.

Under direction of President Roosevelt, Secretary of War Root has issued an order publicly thanking Brig. Gen. Leonard Wood for his services as military governor of Cuba. Gen. Wood has started for the Philippines to assume his duties as governor of the Province of Mindanao.

Senator William J. Stone, of Missouri, whose name is frequently mentioned as successor to Jas. K. Jones as chairman of the Democratic National Committee, in an interview said the democratic party must always be in the future "distinctively a constructive force." The democratic candidate for president, he said, must be a man who has always supported his party ticket.

The January term of the court of appeals which closed Wednesday, was a record-breaking session, and 325 appeals were disposed of during the term. The court overruled the motion of Wm. McCarty, the Lexington wife murderer, for a new trial. The Cairo bridge case, in which the State sued to recover taxes from 1893 to 1899 was reversed and the dismissal of the action was ordered.

## McKINNEY.

Mumps and whooping cough are the order of the day here.

George Hughes bought of Mr. Reid a horse for \$115. Dan Hester, of Kingsville, was here and sold to T. C. Dunn some horses at fancy prices. Hock Royalty, of Somerset, was here and sold J. C. Coulter a horse for \$75.

Mr. and Mrs. McElroy, of Cincinnati, are visiting relatives at Hotel Gooch this week. Mr. and Mrs. Marshall, who have spent the winter here, have returned to their home in Colorado. Mrs. Robert White, of Lexington, is the guest of Mrs. Rueben Williams. Robt. Hale, of near Somerset, was here last week to see his best girl.

Mrs. Arch McKinney has gone for an extended visit to her daughter at Knoxville, Tenn. Miss Effie Sandidge, one of McKinney's most attractive young ladies, left this week for North Carolina, where she will work for the L. O. T. M. Mrs. M. C. Tanner and sons returned from Somerset this week. K. L. Tanner is slowly improving. Miss Jessie Brown, who has been laid up by sticking a nail in her foot, is able to be out again, also Lew True has been basking in the sunshine of the past few days. Miss Clara Tabler, daughter of Mrs. Mrs. M. V. Moore, of this place, spent a few days at home this week. She has spent most of the winter with her cousin, Mrs. Alford, of Hustonville.

### COL. NALL WILL NOT RUN.

Says His Information From Farming Element All Over the State

Is That Hubert Vreeland Will Be Nominated By Big Vote For Commissioner of Agriculture.

Col. Ion B. Nall, State Commissioner of Agriculture, who for thirty years has been one of the foremost agriculturists in the State, and who is conceded to be one of the most thoroughly posted men as to farming interests in Kentucky, has announced to his friends that at the expiration of his present term of office he will return to his old home to live. Under the Constitution he is not eligible for re-election, and will return to private life. Col. Nall has organized more farmers' institutes than any other Commissioner the State ever had, and he has been one of the leaders in the good roads movement.

Col. Nall, in an interview last week, said he was taking no active part in the selection of his successor, as that was a duty which developed upon the Democratic farmers of the State, but when asked for his opinion on the race he said he personally was going to vote for Hubert Vreeland because he believed him to be not only the best qualified, but by far a more aggressive man than the others, and by reason of his experience as assistant in charge of the office would not have to consume his time learning the routine, and would be in a better position next winter to secure favorable legislation for the farmer such as good roads and many other things that are needed, with all of which he is thoroughly conversant.

Col. Nall said that from what he could hear from the farmers and others with whom he came in contact, there was not the slightest doubt in his mind about the nomination of Mr. Vreeland by one of the largest majorities that would be received in any of the races for State offices.
